

2025 Healthy Hound Program Guide

Get a handle on your health in 2025 and save up to \$600 in medical plan premiums in 2026.

About the Healthy Hound Program

Greyhound Lines, Inc. and ATU Local 1700 want Greyhound employees to live long and happy, healthy lives. But with all of life's demands, it's hard to find the time we need to take care of ourselves. The Healthy Hound program is designed to help all of us focus on our health.

Here's what's new:

- **You and your covered spouse must now complete two Healthy Activities** to receive the medical plan premium savings in 2026.
- **Cigna Pathwell Bone & Joint** is now included as a Healthy Activity.
- **The Sweepstakes Drawing continues!** Complete two Healthy Activities by September 30, 2025, and you could win a \$500 or \$100 gift card in a prize drawing. See page 8 for details.

Get Started with Healthy Hound Today!

Here's all you need to do:

- **Read about the six Healthy Activities** starting on page 2,
- **Pick TWO Healthy Activities**, and
- **Complete the Healthy Activities between October 1, 2024 and September 30, 2025. That's it!**

Questions?

• Contact the Trust Office at 800-288-7766 or greyhound.gliatubenefits.flixna@flixbus.com.

• Visit healthyhounds.info. You can also access the site from atu1700.org.

"I do my Wellness Check every year and save \$300. It's very easy. I just go to my doctor and they fill out the forms and send them to Cigna."

When you visit a Cigna network provider, preventive care is covered at 100% with no deductible under both the Preferred Plan and the Value Plan.

Healthy Activities

The following pages list the six Healthy Activities available for you and your enrolled spouse to choose from to save a total of \$600 (\$300 each) on your medical plan premium next year. There's something for everyone—whether you want to get a wellness exam, health assessment and biometric screening; get support for a chronic health condition; or lose weight or quit smoking.

1. Get a preventive wellness exam or test.

Find out your health status and catch any health concerns early with preventive care.

What you need to do:

By September 30, 2025, make and keep an appointment with a provider for at least one preventive wellness exam or test, including:

- An annual routine physical exam,
- A well-woman exam,
- A preventive care test (mammogram, Pap test, PSA test), or
- A colonoscopy for participants age 50 and older.

If you choose a preventive wellness exam, you have access to MDLIVE virtual screenings. With this option, an MDLIVE physician can submit your lab test request to any in-network lab, and then discuss the results with you online. This is a great option if you'd prefer not to visit a doctor's office.

To arrange your virtual screening, log in to myCigna.com, select the MDLIVE link under "Find Care and Cost," and make your appointment. After your visit, the doctor will submit your lab request, and you'll arrange a testing appointment with an in-network lab.

When the MDLIVE doctor receives your results, you'll be prompted to schedule a follow-up to discuss your results online. The entire process can be done within two to three weekdays. Your exam and lab tests are free, and your MDLIVE physician can refer you to a specialist if your tests indicate a problem.

Note:

- DOT physicals and sick visits to the doctor do not count toward satisfying this Healthy Activity.
- No paperwork is necessary if you use a Cigna PPO provider.
- ATU members can use a non-participating provider, such as the VA or a mobile health screening service, by bringing a PB-1 form to the appointment for the provider to complete. Forms must be submitted to the Trust Office. A PB-1 form is included with this brochure mailing. You can also call the Trust Office or visit healthyhounds.info for a PB-1 form.

2. Complete an online health assessment or a biometric screening

Complete at least one of the following activities by September 30, 2025:

Complete the health assessment.

Log in to myCigna.com and select “Take My Health Assessment.” You’ll generally need about 15 minutes to complete your assessment. Be sure to know your numbers—including your weight, blood pressure, and recent lab test results—in order to completely fill out the assessment.

Get your biometric screening.

You can complete your lab work by accessing MDLIVE via myCigna.com or the myCigna mobile app. Click on Find Care and Costs → Talk to a doctor via phone or video → Medical → Primary Care Schedule a Visit.

Complete your MDLIVE profile and Health Risk Assessment. Click on your profile, schedule a visit for primary care and select Wellness Screening. Choose an in-network lab to schedule the lab work. Once that is scheduled, you will schedule an appointment with an MDLIVE primary care physician. Attend your virtual visit from anywhere via video or phone. After your visit, you will receive a summary of your lab work and the wellness consultation with your MDLIVE physician.

Note that you can use any provider for the biometric screening, but you’ll need to bring a Cigna Wellness Screening form with you to your doctor’s appointment for them to record your screening results and send the completed form to Cigna. Visit healthyhounds.info for a copy of the Cigna Wellness Screening Form or call the Trust Office.

“Every year, I get a biometric screening to find out if there is anything I should be concerned about. Then I take the health assessment (easy) to avoid the \$300 medical premium surcharge next year.”

The Cigna Wellness Screening Form is available online. Visit healthyhounds.info and click “Forms & Documents.”

"It was nice to have someone to talk to about my health concerns in addition to my doctor. I felt like my health advocate understood me."

Omada is a way to create healthy habits that last. Visit go.omadahealth.com/greyhoundatu to see if you're eligible.

3. Get support for a chronic health condition through Your Health First®.

Get a supportive Cigna health advocate to talk to by phone if you have one of these chronic conditions:

- | | | |
|-----------------|--|-------------------------------|
| • Asthma | • Chronic obstructive pulmonary disease (COPD) | • Osteoarthritis |
| • Diabetes | • Lower back pain | • Peripheral arterial disease |
| • Heart disease | • Mental health disorders | • Metabolic syndrome |

What you need to do:

A Cigna health advocate will call you to get started if you have a condition that can be improved by the Your Health First program. So, please take the call to improve your health. They may also try to reach you with a letter if they can't reach you by phone. Or, call [855-246-1873](tel:855-246-1873) anytime for more information about the program.

In order to complete this Healthy Activity, you must make progress toward a goal that you and your health advocate set, and complete the number of phone calls recommended by your health advocate by September 30, 2025.

4. Participate in the Cigna Diabetes Prevention Program with Omada®

Omada for Cigna is an online/digital lifestyle change program designed to help you lose weight, gain energy, and reduce the risks of type 2 diabetes and heart disease.

Make lasting changes to the way you eat, move, sleep and manage stress—one small step at a time. If you qualify, you get a professional health coach and wireless smart scale—all at no cost to you. You can access the program through your smartphone, tablet or computer.

Please note that you may not be eligible to participate in Omada if you already have diabetes, heart disease or another serious health condition.

First, find out if you qualify for Omada:

- **Take the 1-minute risk screener** to see if you're eligible to apply for the program. Visit go.omadahealth.com/greyhoundatu to get started.
- **Apply for Omada.** Eligible individuals can then immediately complete the 5- to 10-minute application after they take the risk screener.
- **Receive confirmation.** In 1–2 days, you'll get an email letting you know if you qualify to join.

Then, if you're eligible to join, you will get:

- An interactive program to guide your journey,
- A wireless smart scale to monitor your progress,
- Weekly online lessons to empower you,
- A professional Omada health coach to keep you on track, and
- A small online group of participants to keep you engaged.

To get Healthy Hound credit, participate in the program:

Once your digital scale records a 5% weight reduction (from your first weigh-in on your smart scale through September 30, 2025), you will have satisfied the Healthy Hound requirement.

5. Quit tobacco with the Quit For Life program.

This program provides personalized, one-on-one coaching and support tools to help you quit tobacco. It was developed with the American Cancer Society®.

What you need to do:

- Enroll by phone or online anytime. Call **866-QUIT-4-LIFE (866-784-8454)** or TTY **877-777-6534** to get started. (Para inscribirse en español, llame al **866-784-8454** y oprima 2.) A registration specialist will verify your eligibility to enroll and transfer you to a Quit Coach®. You can also visit **quitnow.net** for more information and to enroll.
- Participate in at least four coaching calls by September 30, 2025. Coaching calls are available 24/7 to suit your schedule. You have unlimited access to Quit Coaches through the toll-free number **866-QUIT-4-LIFE (866-784-8454)**.

Free nicotine replacement therapy:

- Recommendations on type, dose and duration of nicotine replacement therapy from your Quit Coach.
- Free 8-week supply of nicotine replacement therapy (patch or gum), if appropriate, mailed directly to your home.

6. Enroll in the Cigna Pathwell Bone & Joint Program

Bone and joint problems can affect your quality of life and limit your ability to perform everyday activities. The Pathwell Bone & Joint program is designed to help you get better care and outcomes for your musculoskeletal conditions. The program covers common issues such as back pain, knee and hip replacements, shoulder surgery and spinal fusion.

Pathwell Bone & Joint counts as a Healthy Activity!

Participate in the program to take control of your pain through a unique guided digital experience based on your individual needs. You'll also be paired with a Care Advocate who will guide you through your customized program. If you need additional care, the program will help you find the best providers in your area.

What you need to do:

To learn more about the Pathwell Bone & Joint program, call Cigna at the number on the back of your ID card or visit **www.myCigna.com**.

"I wouldn't have been able to quit smoking without this program. I feel so much better!"

Did you know...ATU members can reduce the sick leave waiting period for next year when you get both a wellness exam AND a biometric screening?

Bring a PB-1 form (available at **healthyhounds.info**) to your appointment for your provider to complete. Then submit the form to the Trust Office. PB-1 forms can only be used by ATU members.

FAQs

For more FAQs, visit healthyhounds.info.

Cigna called me to participate in “Your Health First,” but can I do another Healthy Activity instead?

Yes. While participating in Your Health First could help you better manage your chronic condition, you can choose to complete different Healthy Activities to avoid the \$300 per individual medical premium surcharge.

What happens if I complete two Healthy Activities but my spouse doesn't?

If you and your spouse are both enrolled in an ATU Health and Welfare Trust medical plan, you each must complete two Healthy Activities to avoid a \$300 surcharge per individual. If only one of you completes the activities, a \$300 surcharge applies. If neither of you complete the activities, a \$600 surcharge applies.

Does the DOT physical I'm required to get as a driver count toward the wellness exam visit?

No. The goal of this Healthy Activity is to establish a relationship with your physician, who is familiar with your health history and can guide you on wellness and preventive care.

What should I do to make sure my doctor's visit is accepted for the wellness exam visit?

Make sure your provider uses a diagnosis code for wellness or preventive care. If your doctor is a network or MDLIVE provider, or he or she files claims with Cigna, there's no paperwork necessary for you.

If your provider does not file claims with Cigna (for example, the VA), you'll need to bring a PB-1 form for your provider to complete, and then you must submit it to the Trust Office. **Note that spouses must use a Cigna provider for this activity.**

How do I use Cigna's Motivate Me to verify that my spouse and I have successfully met the requirements and won't be charged the \$300 per individual medical premium surcharge for 2026?

Through Cigna's Motivate Me online tool, you can track the activities you and your spouse complete to avoid the \$300 per individual surcharge.

On Motivate Me, each Healthy Activity is considered a point that counts toward avoiding the medical premium surcharge. If you have single coverage through the Plan, you must do two Healthy Activities (or earn two points). If your spouse is enrolled in your health plan with you, you must each do two Healthy Activities (or each earn two points).

Motivate Me is an optional way for you to track the Healthy Activities you have completed through Cigna from October 1 to September 30. It is not required.

Visit myCigna.com > click “Wellness” > look for “Rewards & Programs” > click “Incentive Awards.”

There will be two tabs: “Overview” and “Goals.”

Click “Goals” to view a list of eligible activities and to check and track your completed Healthy Activities.

For more information or for help setting up your account, visit myCigna.com or call the customer service number on the back of your Cigna ID card.

Call the Trust Office at [800-288-7766](tel:800-288-7766) to verify completion of the Quit For Life program.

If applicable, employees should also call the Trust Office to verify that a PB-1 form was received from all non-participating Cigna providers or any other providers (e.g., the VA) that do not submit claims to Cigna.

Your health plan is committed to helping you achieve your best health. Rewards for participating in a wellness program are available to all eligible employees of Greyhound Lines, Inc. who are covered by the collective bargaining agreement.

Important Legal Notices

HIPAA Nondiscrimination Notice of Availability of Reasonable Alternative

Your health plan is committed to helping you achieve your best health. Rewards for participating in a wellness program are available to all eligible employees of Greyhound Lines, Inc. who are covered by the collective bargaining agreement between Greyhound and the Amalgamated Transit Union National Local 1700 (ATU). If you think you might be unable to meet a standard for a reward under this wellness program, you might qualify for an opportunity to earn the same reward by different means. Contact the Trust Office at [800-288-7766](tel:800-288-7766) and we will work with you (and, if you wish, with your doctor) to find a wellness program with the same reward that is right for you in light of your health status.

Americans with Disabilities Act/Equal Employment Opportunity Commission Notice

Notice Regarding Wellness Program

The Greyhound/ATU Local 1700 Healthy Hound program is a voluntary wellness program available to all eligible employees of Greyhound Lines, Inc. who are covered by the collective bargaining agreement between Greyhound and the Amalgamated Transit Union National Local 1700 (ATU). The program is administered by Cigna according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program, you can choose to complete a voluntary health assessment that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes or heart disease).

If you complete the health assessment, you will also be asked to complete a biometric screening, which will include a blood test for total cholesterol, HDL cholesterol, LDL cholesterol and fasting blood sugar. You are not required to complete the health assessment or to participate in the blood test or other medical examinations.

However, employees and their enrolled spouses who choose to participate in the wellness program and complete two Healthy. Activities will avoid a \$300 per individual premium surcharge on their medical premiums in 2026 (to a maximum of \$600). Although you are not required to complete any Healthy Activities, only employees (and enrolled spouses) who do so will avoid the premium surcharge.

The information from your health assessment and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program. You also are encouraged to share your results or concerns with your own doctor.

Protections from Disclosure of Medical Information

We are required by law to maintain the privacy and security of your personally identifiable health information. Although the wellness program and Greyhound may use aggregate information it collects to design a program based on identified health risks in the workplace, the Healthy Hound program will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you and is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive/avoiding a surcharge. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The personally identifiable health information that Cigna and/or the Trust Office receive will only be used in order to provide you with services under the wellness program.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate. If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact the Trust Office at [800-288-7766](tel:800-288-7766).

Sweepstakes Drawing Continues for 2025!

All Greyhound/ATU members who complete two Healthy Activities between October 1, 2024 and September 30, 2025, will automatically be entered into a Sweepstakes Drawing for one of several prizes:

- A \$500 grand prize gift card, or
- A \$100 gift card (Healthy Hound is giving away 10 of these).

The Sweepstakes Drawing will take place in December 2025, and prizes will be mailed that same week—just in time for your holiday shopping.

Gift cards are considered taxable income. Greyhound/ATU members must be employed by Greyhound on the date of the drawing, and spouses are not eligible for the drawing.

Healthy Resources for You
